FASTEST EGTS
IN MOTORSPORTS

35 WINS IN 2026

21 of them NHRA national event wins in Top Fuel & Funny Car — all on Patriot NITRO series EGTS.
The fastest-responding, longest-lasting EGT sensors in the pits.

SHAWN LANGDON • MATT HAGAN • JORDAN VANDERGRIFF
RON CAPPS • AUSTIN PROCK

Langdon leads Top Fuel and Hagan leads Funny Car into Pomona — both titles decided here, both leaders on Patriot SpeedCo.

PATRIOT NITRO
EGT SENSOR KITS

- EGT sensors designed specifically for each nitro category
- TF1 spec — Nitro Funny Car: the fastest response rate for Funny Car; averages over 30 runs
- TF2 spec — Top Fuel Dragster: developed for the shorter dragster header; averages over 25 runs
- Singles in 9″, 14″, 19″, 24″ — sensor only
- Adaptor kits & replacement installation hardware

WHY TEAMS
SWITCH TO PATRIOT

- Fastest response in the class — cleaner data, every pass
- Built to last in a nitro engine, not just survive it
- High Speed Clutch Temp sensors — real clutch data, every run
- Talk direct with Patriot — at the track and between races

BORN IN THE SPORTSMAN PITS. PROVEN AT 12,000 HP.

The fastest-responding EGT sensors in racing — built for sportsman racers first, then adapted to survive Top Fuel and Funny Car. Better data on every pass.
